PROFESSIONAL SUMMARY

Final-year B.Tech IT student with knowledge in Python, Java, DevOps, cloud computing, and web development. Passionate about full-stack development, problem-solving, and building real-world projects using modern development tools and cloud technologies.

EDUCATION

B.Tech — Information Technology (2023 – 2027)

KGiSL Institute of Technology

HSC — Computer Science (2009 – 2022)

GSR Matriculation Higher Secondary School

TECHNICAL SKILLS

Languages: Python, Java, C , JavaScript

Web Development: HTML, CSS, React.js, Node.js

DevOps Tools : Docker, Kubernetes, Jenkins, Git, Bitbucket , Figma

Cloud Platforms: AWS (EC2, S3, VPC, IAM, ELB, ASG, CloudWatch), Microsoft Azure fundamentals(AZ-900)

Tools & Platforms: Git, GitHub, VS Code, Figma, Linux shell, Power BI

Database: SQL

Additional strengths : Logical Thinking , Problem Solving , Team Collaboration , Adaptability, Continuous Learning

PROJECTS

Farm Pulse - AI-Powered Cattle Disease Predictor

Technologies: Python, HTML, CSS, Node.js , AI/ML Concepts

Developed an AI-powered livestock health monitoring application for cattle disease prediction using image and symptom analysis.

Desktop Screen time tracker

Technologies: Python , Streamlit

Built a desktop application to track screen time and monitor application usage to generate daily and weekly productivity reports with usage analytics.

MediTrack – Personal medicine companion

Technologies: Python, HTML, CSS, Node.js , AI/ML Concepts

Developed a medicine intake tracking system that notifies chronic ill patients and care takers to take medicines at the required time.

INTERNSHIP EXPERIENCE

DevOps Internship — CODTECH IT SOLUTIONS (1 Month)

- Learned CI/CD workflows, Docker containerization, and Jenkins automation concepts.
- Practiced version control and collaboration workflows using Git and GitHub.

RISE Internship — Tamizhan Skills (1 Month)

- Participated in technical training sessions focused on software development and problem-solving skills.
- Worked on guided mini-project activities to improve practical technical knowledge.

UI/UX Internship – CODTECH IT SOLUTIONS (1 month)

- Designed user-friendly interfaces and wireframes using industry-standard UI/UX design principles.
- Created responsive layouts, prototypes, and user flows to improve usability and user experience.

CERTIFICATIONS

- Azure Fundamentals (AZ-900)
- AWS Cloud Practitioner Essentials – Coursera
- Prompt Engineering Certification – Great Learning
- DevOps Internship Certification - CODTECH IT SOLUTIONS
- RISE Internship Certification - Tamizhan Skills
